

University of Iowa Fraternity & Sorority Life (FSL) Alcohol Harm Reduction Work Group Update, May 2018

Goal	Key Tactics	Responsible Parties	Proposed Timeline	Updates
<i>Increase transparency in the FSL community</i>	<ul style="list-style-type: none"> ▪ Constitute FSL Advisory Committee ▪ Revise the FSL website ▪ Create chapter scorecards ▪ Revise roster submission processes ▪ Determine a sustainable process for sharing judicial outcomes and quarterly progress updates 	<ul style="list-style-type: none"> ▪ Student Life Marketing + Design ▪ Center for Student Involvement & Leadership ▪ Office of the Dean of Students 	Spring 2018	<ul style="list-style-type: none"> • Reviewed scorecards from aspirant campuses and recommended key criteria for inclusion in our scorecards • Determined scorecards will be finalized and rolled out prior to summer orientation 2018
<i>Revise judicial processes</i>	<ul style="list-style-type: none"> ▪ Provide training to councils and chapters ▪ Revise Code of Student Life 	<ul style="list-style-type: none"> ▪ Office of the Dean of Students ▪ Center for Student Involvement & Leadership ▪ Interfraternity Council ▪ Panhellenic Council ▪ National Pan-Hellenic Council ▪ Multicultural Greek Council 	January-March 2018	<ul style="list-style-type: none"> • Secured Kim Novak (consultant in campus safety, student risk management, and student organization development) for a campus visit in August 2018 • Determined revision of Code of Student Life will commence when new Dean of Students arrives • Decided chapter scorecards will include judicial status and summary of cases • Completed new training for chapter standards boards in April. Levels of agreement about learning from the program ranged from 70-100%. Participants suggested the training should be offered annually.
<i>Re-deploy staff efforts</i>	<ul style="list-style-type: none"> ▪ Increase staffing in FSL ▪ Redesign work to ensure time is focused on highest priority tasks ▪ Establish a standing FSL Advisory Committee 	<ul style="list-style-type: none"> ▪ Center for Student Involvement & Leadership 	January-May 2018	<ul style="list-style-type: none"> • FSL staff members are participating in the Work Group • Work Group will recommend advisory structure at end of spring semester • Additional 3.0 FTE staff members in FSL have provided expanded capacity

Goal	Key Tactics	Responsible Parties	Proposed Timeline	Updates ⁶
<p><i>Implement new guidelines for events with alcohol</i></p>	<ul style="list-style-type: none"> ▪ Host luncheon meetings with area event venues to increase communication and collaboration ▪ Link ability to hold events with alcohol to chapter completion of key trainings 	<ul style="list-style-type: none"> ▪ Center for Student Involvement & Leadership ▪ FSL Advisory Committee 	<p>January-May 2018</p>	<ul style="list-style-type: none"> • Completed two meetings with event venues and downtown establishments, with approximately 50 attendees from area businesses • Received positive feedback from venues about pilot events and venues are checking with FSL staff about event details if there are questions • Reviewed compliance sheets from pilot events and identified additional areas to focus on, including: <ul style="list-style-type: none"> ○ Event monitors needing to introduce themselves to venue staff and security officers ○ Guest list with ages and IDs should be cross-referenced ○ Identifying the need to request UI Public Safety officers to add more comments and record when they went to each event and how long they were present • Reviewed available data from four pilot events and found legal-aged attendee purchased an average of three drinks per event • Learned the UI was chosen to participate in a new National Interfraternity Council Health & Safety initiative to change the culture within fraternal organizations. Highlights of the pilot program include training on standards & judicial processes; recommitment processes for current members; recruitment & training of chapter advisors; a review of fraternity recruitment processes

Goal	Key Tactics	Responsible Parties	Proposed Timeline	Updates ⁷
<i>Implement new guidelines for events without alcohol</i>	<ul style="list-style-type: none"> ▪ Revise guidelines ▪ Improve communication of campus event opportunities ▪ Enhance collaboration between FSL and campus programming entities 	<ul style="list-style-type: none"> ▪ Center for Student Involvement & Leadership ▪ Governing councils 	January-August 2018	<ul style="list-style-type: none"> • Panhellenic Council passed new bylaws governing events without alcohol, including: <ul style="list-style-type: none"> ○ Chapter members must attend one event without alcohol for each event with alcohol they choose to attend ○ Chapters may register events without alcohol that occur at various times, but must hold at least two events without alcohol on Thursday/Friday/Saturday evening after 8 p.m. ○ Chapters must host at least one event without alcohol with a non-IFC organization • The Interfraternity Council will discuss new guidelines for events without alcohol in the fall
<i>Provide effective evidence-based harm reduction programming</i>	<ul style="list-style-type: none"> ▪ Implement Alcohol Skills Training Program (ASTP) ▪ Implement event monitor training 	<ul style="list-style-type: none"> ▪ Student Health & Wellness ▪ Center for Student Involvement & Leadership 	Spring 2018	<ul style="list-style-type: none"> • Launched required online event monitor training module and assessment results indicated students understand event monitor roles and why they are needed, the ratio of monitors needed, and signs of over-intoxication. Event monitors work with event staff and chapter leaders to identify and address problematic behaviors at events with alcohol. At least one event monitor is required per 20 guests • Alcohol Skills Training Program (ASTP) provided for 373 fraternity/sorority members, including 84 executive board members and officers. Six-week post-training follow up indicated a decreased average number of drinks, fewer days of drinking and fewer days of high-risk drinking, and lower average blood alcohol concentration
